#### Exchange Programs with Sister & Friendship Cities of Kashiwa

### Torrance Youth Visit to Kashiwa (7/10 – 7/30)

On July 10, shortly after 7 p.m., eight high school students — four boys and four girls — along with their leader, Mallory, arrived in front of Kashiwa City Hall. This marked the beginning of their three-week stay in Kashiwa. Each

student stayed with two different host families, experiencing Japanese family life. The Torrance Committee had been planning activities for a year, aiming to give the students a direct experience of Japanese culture through student interaction, and to contribute to future sister city exchanges.

From the next day, the students paid courtesy visits to the Deputy Mayor and City Council. They visited Kashiwa Daiichi Elementary School, Nippon Sport Science University Kashiwa High School, Kashiwa Municipal High School, Hakuryo High School, Kaichi International University, and Kashiwa Chuo High School. They had lunch with students from the visited schools and participated in activities such as karate, archery, calligraphy, tea ceremony, kendo, koto, taiko performances, and

indigo dyeing. The Smart City tour during the city tour particularly intrigued the boys. The student exchange event led by the Kashiwa 50th anniversary class brought Torrance and Kashiwa students closer. Watching a Kashiwa Reysol match, which Torrance students hadn't been able to attend in recent years, was a big hit. The students also grew closer through bowling with the Kashiwa students. No one complained about visiting temples and shrines, as the students seemed to appreciate the historical significance of the grand structures in Kyoto and Nikko. The students unanimously mentioned Hiroshima as the most memorable place. On the 30th, they had a tearful farewell with their host families in front of City Hall.

#### 9th Chengde Youth Visit to Kashiwa (8/6 – 8/10)

Youth exchanges with Chengde city have resumed. The exchange had been suspended since the 14th Kashiwa

youth delegation visited Chengde in 2019, due to COVID-19 prevention measures. This is the first step towards resuming youth exchanges and holding a mutual exchange in the same year, as pledged at the "40th Anniversary of Friendship City Agreement Online Celebration" held at the end of fiscal year 2023.

The friendship group arrived in Japan on August 6, paid a courtesy visit to the Mayor and City Council, attended a welcome party, and completed a two-day tour of various facilities in Kashiwa, and a Tokyo tour during their 4-night, 5-day stay before returning home on August 10. In Kashiwa, they visited the Yoshida Residence, the University of Tokyo Kashiwa Campus, and the Kashiwa City Public Market. While in Tokyo, they toured the Shinagawa Aquarium and Tokyo Skytree. Later, they reported that they were overwhelmed by the heartwarming hospitality of

## Online International Exchange Salon "Simple Japanese" – Phrases for Disasters (7/18)

"Lights out," "Medical consultation", "Free" — these are words you might see on bulletin boards in evacuation centers during disasters. How would you rephrase these in "simple Japanese" to be understood by foreigners? In this session of the online international exchange salon, we learned how to guide foreigners during disasters and

explained easy-to-understand Japanese at evacuation shelters. Foreign residents are often considered vulnerable due to language barriers. Especially in times of disaster, emergency response is required, and accurate information transmission is important. Lecturer Chie Uchida explained, "Information should be obtained fairly so that everyone can share the same information. It is also important to choose appropriate words depending on the person." I hope this kind of learning opportunity will expand and lead to better support for foreigners.

## Be Open-minded to the New and Different Mallory Beard, 2024 Adult Leader of Torrance Youth Delegation

**Please tell us about yourself.** - I live in Gardena, California. I work to support the communication between school, home and students. I enjoy running, group fitness, reading, and watching documentaries.

**What made you apply to be an adult leader?** -When the students from Kashiwa Municipal High School visited Torrance, I looked into the history and culture of the students from Kashiwa. I found it very interesting and wanted to know more about it. So, I applied for this program.

**Have you been involved in Torrance Sister City Association (TSCA) activities?** - Yes, I have. I have participated in the Cherry Blossom Festival, Bunka-sai, and TOCA-Palooza, which is an art festival to promote their activities to the community.

**Is this your first time in Japan or Kashiwa? How do you feel about it?** - Yes, it is my first visit. I studied Japanese in high school, so I understand a little bit of Japanese. I can read and write hiragana and katakana. Kanji is difficult for me, so I only understand a little. When I landed at Narita Airport, I felt there was a lot of greenery compared to Torrance and that people are taking good care of the fertile land. Japan is attractive to foreigners because of its varied landscapes, such as mountains, sea, and forests. I class find the Japanese people are unlocating good care of a mountains.

also find the Japanese people are welcoming, supportive, and pleasant to be with.

You visited Kyoto and Hiroshima, didn't you? - Yes, I was looking forward to it. At the Peace Memorial Museum in Hiroshima, my tears did not stop because of the sadness of what happened there. It is an experience I will always remember.

Are the delegate enjoying their stay? - Yes, of course! The food, the interaction with Kashiwa students, the short trip ... everything is captured in many photos. It is admirable how they are adapting to life in Japan, including the heat!

**How do you want your students to grow through this experience?** - I want them to encourage their children to go on these journeys. I want them to open their mind to others who speak a different language, whose race, nationality, and beliefs are different from their own, and to love those people so that they can find common ground. I hope they will continue to listen to others and develop their communication skills.

Hoping to Cultivate a Better Friendship Between the Youth of the Two Countries Yang Yuyan, 2024 Chengde Youth Delegation Leader, Deputy Director of Chengde Education Bureau Liu Zhiyun, 2024 Chengde Youth Delegation Accompanying Teacher, Chengde Second Middle School Teacher

Due to the COVID-19 Pandemic, we had not been able to exchange delegations since 2020. How do you feel about the resuming of the program this year? - Having the opportunity to directly interact with the people of Japan, the students are able to experience the Japanese way of life. Also, visiting to various locations enables the delegates to be exposed to Japanese customs and culture, and that will deepen the friendship between Chengde and Kashiwa.

What are your impressions of Japan and Kashiwa on your first visit?

- Before I came to Japan, I thought Japan was a small country and crowded, but it was totally different. The scenery is beautiful and public facilities, parks, and hotels are spacious. Traffic is multi-level (highways, ground transportation, subways) and space is used efficiently. The people are punctual as well as the transportation systems. People are considerate,

Ms. Yang (left) and Ms. Liu (right)

thoughtful and friendly. I feel Japanese young people are healthier than their Chinese counterparts. We cannot eat raw fish in Japanese food, but Japanese Chinese food is delicious, though a bit light in flavor.

**Are the students having a good time?** - They were not used to being here at first, but as they became more familiar with their host families, you could tell from their expressions that they were enjoying themselves.

**How do you want the students to grow through this exchange?** - I would like them to share what they have experienced in Japan with the people of China. I hope they will deepen the friendship between the young people of the two countries. (Interviewed by Noriko Fujita)
